2016 Red Blend

Dry Creek Valley | Sonoma County

Adam Sbragia, 4th generation winemaker,
launches new brand with Dry Creek Valley red blend.

The Story: Born and raised in Dry Creek Valley, I've explored every vineyard in every corner of my Home Field to create a modern wine that expresses purity of fruit and my family's long winemaking history. Home Field's debut wine is a red blend made from five grape varieties grown in 6 different vineyards.

The Vineyards: I grew up playing in the vineyards, riding a tractor with my grandfather, Gino and pruning and sampling grapes with my dad, Ed.
